

October 2011

It's here finally - cooler days and beautiful fall foliage! Be sure to check out all the festivities in our area; we have a lot going on in Northeast Georgia.

There's a lot in the news these days about banking. Seemingly, on a daily basis, consumer advocates have been reporting that many of the banks are now either increasing their fees on checking accounts or charging fees that had not previously been charged. With this in mind, now is the time to find a local community bank. We, at Peach State, offer you the best products at little to no cost. Call our customer service represents and inquire about our checking products.

If you haven't already done so, please check out our website and keep up with our most current news. We have a lot of great things happening at Peach State these days! Janet Ward has joined our Peach State Bank family as a teller - please stop by and meet her! As you probably already know, Steve McKibbin has joined our Board of Directors and Jack Frost joined our Community Development Board. We have more good news coming, so stay tuned and watch for updates on our website! www.peachstatebank.com
